The Motion Pictures at Largest in the State.

The local Y. M. C. A. is said to be in a fair way to take the lead as the largest in the state as far as membership is concerned, since a total of members were enrolled on May 1, a gain of 18 per cent. over the previous year. The membership fees showed an increase of 46 per cent., while so-cially the past year has been declared to be the most successful of any in the history of the local association.

Positions were secured for 116 men and boys, while in the physical department there was an attendance of 13,743 at the various classes as against 10,453 the past year.

#### ELKS' CONVENTION HONORED. E. M. F. Gift to Men-Three Days' Vacation with Pay for Mr. Flanders'

Auto Makers. To close seven big automobile plants down for three consecutive days, giv-ing every employe a vacation at full

pay, is the rather unusual thing which President Flanders of the E. M. F. company will do. During the week of July 11 the Elke' convention occurs in Detroit. Flanders plans to give every employe the last three days of that week off to participate in the celebration or to otherwise enjoy themselves. The cost to the E. M. F. company of doing this is over \$17,000 per day.

#### RECORD SHOW AT THE AUDITO-RIUM.

RIUM.

The stock of the Auditorium went up several points immediately after the Monday matinea, the large crowds unanimously voting the show to be "great." Druhi, the Great, would have a good act if he didn't do anything as his special stage setting forms a beautiful picture that transforms the bare stage into a veritable fairyland. Druhi himself is a very clever and polished performer who works his illusions and tricks with a rapidity that is bewildering; his pleasant manner and personality are not among the least of this assets. A very classy act is the speciality of Archer & Carr, who are one of the best dressed teams that have appeared here. Miss Archer has a beautiful soprano voice which is heard to good advantage in solos and dueta, in which Mr. Carr adds his genial and pleasing person. Housley & Nichols have registered one of the biggest hits of any colored acts we have Nicholis have registered one of the big-gest hits of any colored acts we have had; the boys are good musicians and comedians, whose neat appearance causes favorable comment. McNamee performs some lightning clay model-ing, ranging from the grotesque to high art subjects, all admirably ac-complished. Don't forget new sub-jects in the pictures today; watch for some of our features.

#### BREED THEATER.

#### "The Geld Seekers," Biograph Western Feature.

A brilliant Biograph western picture is one of the features at the Breed theater this week, and it contains a beautiful yet eathette story of a typical pioneer's search for gold. Thoroughly disgusted at his failure, he throws the pick on the ground, and falls beside it and upon raising his head, he discovers traces of the precious ore, and hastily sceoping a pan of it, rushes to the stream where he washes the dirt, and finds rich ore. He stakes his claim and hurries his wife off to file the claim, but two rescals have seen his success and attempt to reach the recording office before her and resort to foul means to prevent her filling the claim. She is abduoted, and placed in a lonely cabin, but cleverly lowers her little boy over the transom, and he secures the assistance of nearby ranch owners, who go with her to the office, and secure the title that so truly belongs to her. This is an exquisitely human story, and is resplendent with views of California mountains and valleys.

The Vitagraph comedy-drama Her Sweet Revenge, is one of the prettiest films in its class, the delightful acting being no small feature.

Miss Subert, whose clear voice pleases so many, wins a big hand.

### EMPLOYERS' ASSOCIATION.

# Not a New Thing for Hartford-Alms to Make Open Shop Attractive.

The Employers' association of Hart-ford, which has recently been heard of in connection with the starting of contractors, is not a new thing for the city, although it has grown within the last two months or so, says the

The association was organized on June 4, 1904, by sixteen manufacturers who agreed to furnish the necessary funds to operate it for a year. The first year the dues were 10 cents for each operative employed by each member, but reductions have been made from time to time as the organization increased its membership until it is increased its membership until it is now four vents per operative, with a minimum charge per member of \$1. All the original sixteen members are still in the association.

offil in the association.

On Jan 1, 1910, the association had fifty-four members, who collectively represented a maximum of 15,000 employes, and it is said that the membership has increased considerably since that time. Its president is now Clarence E. Whitney, and the secretary, the only paid official, is L. F. K. Whitman, whose office is at the corner of Capital avenue and Laurel street, in the building occurred by the Martin the building occurred by the Martin Capitol avenue and Laurel street, in the building occupied by the Martin Ice Cream company. The association, among its other duties, acts as a sort of clearing house for laborers, as its record shows that it had received up to Jan. I, 10,091 applications for employment, and had sent out \$,462 hands to its members. It disclaims any hostility to the trades unions, but it does not care whether an employe is a union not care whether an employe is a union or non-union man.

Norwalk Wants Quiet Fourth. An ordinance was passed at the reg-ular meeting of the city council of Norwalk Tuesday evening for a "safe and sane Fourth," which is to prohibit the use of firearms, blank cartridges, cannons and dynamite cannon crack-ers on July 4. All other provisions of the charter relative to the discharge of fireworks were waived from sunof fireworks were waived from sun-down on July 3 until 12 p. m. July 4. The ordinance was drawn up roughly at the meeting and passed subject to a change in the wording by the cor-poration counsel, John J. Walsh.

# Lost Many Oysters.

Lost Many Oysters.

James A. Smith, the South Norwalk cysterman, reports the loss of a thousand bushele of small oysters on his grounds near Pilot Island in a peculiar manner. A tow and a string of barges anchored on the grounds during a recent sterm, and the barges not only crushed and pushed the oysters deep in the small, but they made long holes in the small, but they made long holes in the oyster beds, which will preclude the using of dredges on it for several years. An oysterman who had stock hear by lest some large oysters in the space way.

People Tell Each Other About Good

Sixteen years ago few people in the world knew of such a preparation as a powder for the feet. Today, after the genuine merit of Allen's Foot-Ease has been told year after year by one gratified person to another, there are millions who would as soon go without a dentifrice as without Allen's Foot-Ease. It is a cleanly, wholesome, healing, antiseptic powder to be shaken into the shoes, which has given rest and comfort to tired and aching feet in all parts of the world. It cures while you walk. Over 30,500 tastimonials of cures of smarting, swollen, perspiring feet. It prevents friction and wear of the etockings and will save in your stocking bill ten times its cost each year. Imitations pay the dealer a larger profit, otherwise you would never be offered a substitute when you ask for Allen's Foot-Ease, the original powder for the feet. Imitations are not advertised because they are not permanent. For every genuine article there are many imitations. The imitator has no reputation to sustsin—the advertiser has. It stands to reason that the advertised article is the best, otherwise the public would not buy it and the advertising could not be continued. When you ask for an article advertised in this paper, see that you get it. Refuse imitations. Things.
